NOTICE OF NONCOMPLIANCE

Dear Mr. Sylvester :

I am writing in response to your request for a meeting to discuss the hazardous waste generation reporting forms. As you are aware the Department has referred this case to the enforcement section for a formal enforcement action. This Order should be issued shortly, and you will most likely want to discuss the issues raised in the Order as well. Since you are located in Colorado it would be more prudent to combine the meetings. Therefore I will give you an extension on the submittals of the annual reports. We will set the date for compliance with that request at the meeting.

I anticipate that the Order should be going out in the next two weeks. There will be instructions in the Order about setting up an informal meeting. Should you have any questions or concerns regarding this letter or if you have a strong desire to meet earlier please give me a call at (503) 229-5543.

Sincerely,

Rebecca Paul
